PLUS, sponsor a third new Consultant in this time and receive an additional \$300 in Free Product when she Activates—
AND a 45% Buying Discount for as long as you stay Active!

*For complete details, please see the Incentive Requirements Guide.

**To be eligible for the additional bonus, the sponsored new Consultant must have a minimum Starter Kit purchase price of \$149.

*** It is not necessary to earn a previous Fast Track reward in order to earn the next one; for example, a Consultant who misses the 30-day reward may still earn the 60-day reward when she meets the requirements for that level (including sponsoring two new Consultants). Rewards are not retroactive; a Consultant who misses her 30-day goal but earns a 60-day reward is not eligible to receive her 30-day reward.
